

# PADI PROFESSIONAL PROGRAMS

All courses are **PERFORMANCE** based. Performance requirements must be met before any student can progress to the next level.

Payment for any course does NOT guarantee its **SUCCESSFUL COMPLETION**. Students have 1 (one) year from course start date to complete all course requirements.

#### RE-SCHEDULING

When registering in any PRO level course, any changes to the schedule **MUST** be made on orientation night. Any changes made by the student after that date will unfortunately be charged a \$50 / person / occurrence rescheduling fee.

**WITHDRAWING** from a course within 1 week of the start date will result in the entire course fee being forfeited

**NO REFUNDS** on courses not started within one year from purchase date.

It is an expectation that students will **OWN ALL OF THEIR OWN EQUIPMENT** by the time they are a certified PADI Divemaster.

# PADI DIVEMASTER

**\$1099.00**

Looking for the first step in working with scuba diving as a career? Your Adventure into the professional levels of recreational scuba diving begins with the **PADI DIVEMASTER** program.

Working closely with PADI Instructors you will expand your dive knowledge and hone your dive skills to a professional level.

You will develop your leadership skills and abilities through both classroom and independent study. You will complete water skills and stamina exercises, as well as training exercises that stretch your ability to organize and solve problems as well as help others improve their scuba diving skills.

You will put all of this knowledge into action through a structured internship program or through a series of practical training exercises - either way, in the end, you will become qualified to supervise dive activities and assist PADI Instructors with student divers.

All prices are subject to change without notice; pricing includes crew pacs unless otherwise (\*) stated

# PADI ASSISTANT INSTRUCTOR

**\$1499.00**

As a PADI **ASSISTANT INSTRUCTOR**, you will not only gain additional experience as a PADI professional scuba diver, but you also start learning the PADI System of Diver Education.

It's a great way to gain experience in order to become a scuba instructor and get mentored while gaining hands-on experience teaching students.

You will build upon your abilities to organize and supervise scuba diving activities, while concentrating on developing teaching skills.

You will learn through knowledge development (self-study, quizzes, lectures and presentations); through confined water instruction (skill review, assessment, workshops and presentations); and through open water instruction (workshops, rescue assessment and candidate presentations).

# PADI OPEN WATER SCUBA INSTRUCTOR

**\$999.00\***

Are you looking for something extraordinary in your life? Do you want to do something others have only dream of? To help people transform their lives? To open doors you didn't even know existed? All of this, and more, awaits you as a **PADI OPEN WATER SCUBA INSTRUCTOR**.

As a PADI Instructor you will see first hand the 'awe' and 'wow' in the eyes of your students as they take their first breath underwater! It's a moment neither you nor they will forget.

**IT'S ABOUT LIFE  
TRANSFORMATIONS - BOTH YOURS  
AND THOSE AROUND YOU.**

\* course cost does NOT include materials

# E.F.R. INSTRUCTOR \$489.00

CPR and first aid are key skills that are important to everyone, not just scuba divers. Every PADI Instructor is required to have their EFRI certification.
